Our Riesling Smaragd Ried 1000-Eimerberg stands for Wachau Riesling as you would imagine it. The single vineyard 1000-Eimerberg is oriented south-east and is perfect for Rieslings due to the marble sub-rock. This wine was harvested in the last week of October. Then it was fermented in stainless steel tanks. After fermentation, a part was placed in large wooden barrels and was left on the lees for around 5 months.
